Extra Warm Up

Briefly look through the following terms. Note any that are unfamiliar or might need expounding, then move on to the warm up on the larger sheet with your group.

Direction or Slope Field	Integral or Solution Curve
Isocline	
Differential Equation	Order of a Differential Equation
Ordinary Differential Equation (ODE)	Linear Differential Equation
Solution to a Differential Equation	General/Actual Solution to a Differential Equation
Implicit/Explicit Solution to a Differential Equation	
Initial Condition	Initial Value Problem (IVP)
Interval of Validity
